Web Developer

About Me

I am a recent Bachelor of Computer Applications (BCA) graduate from Atmiya University, Rajkot, with a strong interest in Web Development. I specialize in building modern, responsive, and user-friendly web applications using React.js, Next.js, TypeScript, JavaScript, PHP, and MySQL. Throughout my academic journey and hands-on projects, I have developed a solid foundation in frontend and backend development, UI/UX design, and performance optimization. I enjoy transforming ideas into functional digital solutions and continuously learning new technologies to enhance my skills. I am currently seeking opportunities where I can contribute to innovative projects while growing as a Full Stack Web Developer.

Experience

2026 (2 Months)

Ideate Web Solution,
Rajkot

Web Developer Intern

Completed a 2-month internship in frontend web development, working with React.js, Next.js, and TypeScript on real-world projects. Developed responsive UI components, fixed bugs, and collaborated with the development team. Gained hands-on experience with Git, API integration, and modern web development practices.

Education

2023 - 2026

Atmiya University,
Rajkot

Bachelor of Computer Applications (BCA)

Studied core computer applications, programming, and web technologies, building a strong foundation in frontend and backend development, database management, and UI/UX design principles.

Projects
